3. As we are inviting people from other organisations - we have  
Zanel from the Carers Federation.

\* Steph & Lynn are our carer champions in the practice.  
\* Carers can come to them for advice & support - this is  
available to anyone who is taking care of anyone with increased  
needs. - These people can register as a carer within the practice.  
\* The intention is to support carers & identify individual needs.

\* Drop in every two months for carers to meet with Zanel  
directly. Support group at Beeston Pearson centre every month.

\* Developing a carers' group in the area.  
\* May be able to provide training for staff on identifying &  
supporting carers. - 200 in this practice alone.  
\* Can we arrange a "texting list" for our carers to inform  
them of specific events.
